Simla, the 20th April 1925.

[Claims against Turkey for reparation of damages.]

No 831-P.T.—The following notice are published for general information :—

By a Convention, between the United Kingdom, France, Italy and Japan, signed in Paris on November 23, 1923, it was agreed, to devote jointly, to the reparation of the damage, suffered by their nationals, the sums in gold referred to in Article 58 of the Treaty of Lausanne, and, by the same Convention, the British Government agreed to devote, to the same purpose, the 5 per cent Turkish Treasury Bills (1911) of the nominal value of £846,100, which the British Treasury had purchased from the holders in 1914, and, by the same Convention, it was further agreed, that a Commission should be set up, within one month of the coming into force of the Treaty of Lausanne, to assess damages suffered by the nationals of the Contracting Powers, i.e., as follows :—

(a) Direct damage in respect of persons or property (other than that referred to in sub-section 2 of Article 6 of the Convention) suffered on territory which was Ottoman on the 1st August, 1914, or at sea, between the 1st August, 1914, and the 6th August, 1924, as the result of any act or negligence of the Turkish Government, including damage resulting from measures of requisition, sequestration or confiscation and, also, direct damage suffered on the same territory, between the dates named as the result of any acts of war, whatever party may have been the author of such acts ;

(b) Direct damage caused by the fire of Smyrna, to the rights and property of the nationals of the Contracting Powers (but subject to the terms of para. (b) of sub-section 1 of Article 6 of the Convention) ;

(c) The damage referred to in paras. (a) and (b) suffered, on territory remaining Turkish, at the date of the coming into force of the Treaty of Lausanne, by Ottoman Companies in which the nationals of the Contracting Powers had a preponderating interest on the 1st August, 1914 (but subject to a deduction of the value of advantages of an economic character referred to in sub-section 1 of Article 6 of the Convention).

By the same Convention the Commission is precluded from dealing with claims in respect of the following categories of damage :—

(a) Indirect damage, including deprivation of the use of property and loss of profits ;

(b) Claims relating to amounts payable by the Hellenic Government in accordance with the Convention of the 24th July, 1923 ;

(c) The claims of concessionary companies, on account of the utilization by the Turkish Government, of their property, or of their services, which are to be settled by the Turkish Government, as provided in the Protocols and Declarations forming part of the Turkish Peace Settlement.

This Commission was duly set up on the 6th August, 1924, and has established its headquarters in Paris, where it is now prepared to receive claims from nationals of the Contracting powers (including

persons protected by the Contracting Powers in cases where the patent of protection is of a date prior to the 1st August, 1914).

Such claims, together with all documents and evidence in support thereof, should be sent to the Commission, addressed to the Delegate of the nationality concerned, at the headquarters of the Commission, 56, rue Boissière, Paris (XVI ème) France, and should reach the delegate concerned not later than the 6th August, 1925 (the last day for the reception of claims provided by Article 5 of the Convention).

Fort St. George, May 13, 1925
(*G.O. No.* 1626, *L. & M.*)

No. 551.—Under rule 84 of the Local Boards Rules, local fund servants transferred from one district to another or from one local board to another in the same district do not lose their claims for leave. In such cases the leave allowances are paid in accordance with the rule of proportions, each local board bearing only proportional leave allowances calculated on the salary drawn in its service. In G.O. No. 2056 M., dated 12th December 1919, municipal councils were authorized to allow their servants to count for leave previous service under other local bodies This is only an executive instruction

2. The President, District Board, Cuddapah, has raised the question whether local boards can allow their servants to count for leave previous service under municipal councils in the same district. The Government consider that in the interests of local fund and municipal service, no officer or servant transferred from the service of one local board or municipal council to that of another in the same district or outside it should be allowed to retain his claims for leave intact and be granted leave allowances by the local bodies concerned.

3. The appended notification will be published in the *Fort St. George Gazette*

4. The rule will take the place of rule 84 of the Local Boards Manual and will be inserted after article 27 of the Municipal Account Code

APPENDIX

NOTIFICATION.

The following draft of a rule which the Local Government propose to make under sections 71 (1) (*c*) and 199 (2) (*c*) of the Madras Local Boards Act, 1920, in supersession of rule 84 of the Local Board Rules published with notification No. 85 in the Local and Municipal Department, dated the 27th January 1920 and under sections 74 (*c*) and 303 (2) (*c*) of the Madras District Municipalities Act, 1920, is published for general information and criticism under section 200 of the Madras Local Boards Act, 1920 and under section 305 of the Madras District Municipalities Act, 1920. It will be further proceeded with, after six weeks from the date of publication of this notification :—

Draft rule.

A local board / A municipal council may allow its officers and servants to count for leave their previous service under any other local board or any municipal council constituted by other municipal council or any local board constituted under the Madras Act V of 1920 and under the Madras Act XIV of 1920 in such cases the leave allowances shall be determined as follows :—

When a local authority permits any of its officers or servants to leave its service and take up service under another local authority, the period of leave and the amount of leave allowance for which the former authority may accept liability according to the service regulations adopted by it, should be determined and communicated to the latter. The latter local authority should ascertain this at the time of transfer and may then grant the officer or servant any leave and leave salary admissible according to the service regulations; but it cannot make the former local authority liable either for a longer period of leave or for a larger amount of leave allowance than that agreed upon at the time of transfer. The difference, if any, that may be required to make up the leave salary due to the officer or servant should be borne by the local authority to which he is transferred. The amount of leave salary so determined need not, however, be paid by one local authority to the other, until it is actually required for payment.

TENDERS FOR HIRING OUT OF CALVES TO THE KING INSTITUTE, GUINDY, SAIDAPET, MADRAS.

Notice is hereby given that sealed tenders will be received up to 3 p.m. precisely on Friday the 5th June 1925, by the Director, King Institute of Preventive Medicine, Guindy, at his office for the supply of calves on hire for the manufacture of vaccine lymph as noted in the schedule hereto. Not less than two tenderers will be selected and required to supply about 160 calves each month.

The calves supplied should answer the description noted in the schedule hereto and should be brought, if purchased in the mufassal *by passenger train alone* for which the South Indian Railway and Madras and Southern Mahratta Railway Company, have at present agreed to charge a special rate of 8 annas per wagon of not exceeding 40 calves per mile, at owner's risk, with one attendant free of charge. The Institute cannot hold itself responsible nor contribute any share, if the above rates are changed during the year of contract but will render all necessary help in corresponding with the railway authorities to keep up the agreed rates. Each truck of calves supplied should be supported by a receipt from the railway authorities that the calves were brought by the passenger train. The intending tenderers may quote their terms on the above understanding.

2. Tenders will be opened precisely at 3 p.m., on the 5th June 1925, by the Director, King Institute, at his office at Guindy in the presence of those tenderers, who may choose to attend.

3. Tenders should be superscribed "Tenders for the hiring of calves." Each tender must contain not only the rate of hire but also the total hire value of the supply.

4. Each tender must be accompanied by a deposit in currency notes only as earnest money of the amounts noted in the schedule. This deposit will be returned to unsuccessful tenderers immediately or one month after and to the successful tenderers as soon as they have satisfactorily executed their contract bond.

5. No person making a tender shall be allowed to withdraw it within thirty days from the date thereof and in the event of his so doing his earnest money deposit shall be forfeited to Government.

6. The earnest money deposit of successful tenderers will be liable to forfeiture if they fail to execute the bond binding them to supply, the cost of stamp being borne by the contractors executing it. They should also furnish security in cash or Government Promissory notes to the extent mentioned in the schedule within one week from the date of the acceptance of the tenders being made known to them.

7. The supplies should begin from 1st July 1925 and be made for one year from that date.

8. No advance of cash will be made to the contractors. Payment of hire in respect of the accepted calves will be made as soon after their acceptance as possible.

9. It shall be optional with the Director of the King Institute to indent for a larger or smaller number of calves than those mentioned in the schedule and to suspend supplies as and whenever necessary during the period of contract.

10. The contract must not be sublet.

11. The Director reserves to himself the right of rejecting any tender without assigning any reason for so doing.

12. In case the contractors after taking the contract be not willing to supply as per their agreement, they shall give at least one month's notice and shall forfeit the security to Government. In case of failure to supply calves on the dates required by the Director, the contractors shall be fined an amount fixed by the Director which will be deducted from the security. The contractors will also be bound to make good to Government any loss which may arise from their withdrawal or

failure.
